New SIMS DOE050: Early Childhood Education Experience

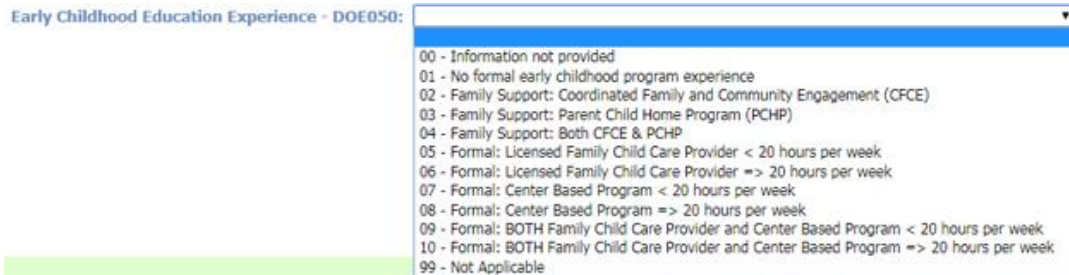

The DESE will be adding a new DOE050 Early Childhood Education Experience field to the 2018-2019 SIMS Data Collection. This element will identify the type of early childhood education experience a student has in the school year prior to Kindergarten. This element is specifically applicable to Kindergarten students and will be expected to be reported for students starting in the October 2018 SIMS Report.

The new DOE050 field is now available in iPass so that districts can begin collecting the data now in the student's record.

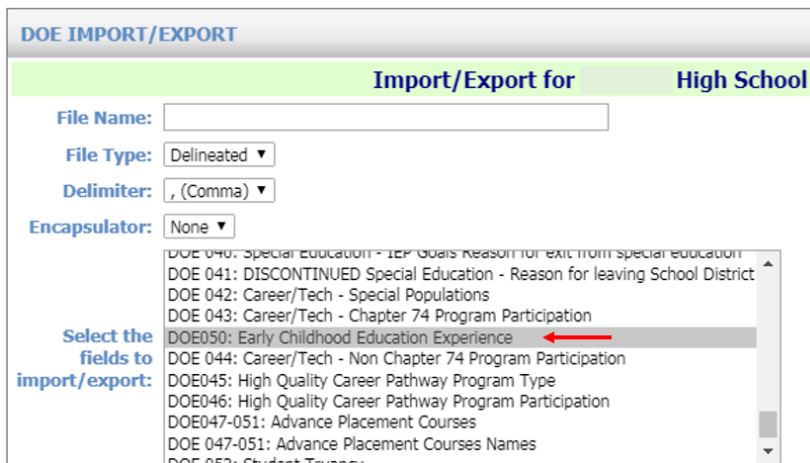

The DOE050 field is available on the Student's MA DOE screen, DOE ID Manager > DOE Import/Export field selection, DOE ID Manager > DOE Mass Update, and Biographical System > Student Mass Update > DOE Field selection.

The field will not be included in the 2017-2018 End of Year SIMS Data Collection.
