Release Notes

Version 7.0.20180718_sync
July 18, 2018

Resolved Issues

Enhancements, Corrections and Minor Enhancements

The following items are included in this release.

Jira #	Description	Clientele
IP-3786	Competency Report Cards – Improvements made to performance speed to create report cards.	
IP-3788	<p>SIF SCS: StudentSectionEnrollment object is now sending SCS08 Course Enrollment Status code for Completed (03) when course is set to Non Graded Course = Yes.</p> <p>ACTION REQUIRED: SIF Districts with Non Graded Course(s) with the Error of “SCS2390 – Student is still enrolled in class at end of year” should use Delete SIF Temp Table to clear StudentSectionEnrollment object and then use SIF Reporting > SCS > School to send SCS objects for the entire school or for individual course(s).</p>	
IP-3789	Discipline System > Add/Modify Discipline screen (disupdate.html) will no longer lock up when the current School Calendar includes holidays that are set outside of current school year.
