## Resolved Issues

### Enhancements, Corrections and Minor Enhancements

**NOTES:**

This patch release provided updates for the changes for SIMS 2018-2019 State Reporting.

- New fields added for: DOE028 Seal of Biliteracy and the DOE047 - DOE049 Industry Recognized Credentials (CTE).
- DOE045 and DOE046 HQCP fields and DOE050 Childhood Education Experience fields are already in iPass and will now be sent in SIMS transmission.
- Previously retired fields of DOE028, DOE041, DOE047-DOE051 that are now repurposed are now marked OBSOLETE on the DOE ID Manager > DOE Fields screen to keep them from displaying on the MA DOE screen.
- **ACTION REQUIRED:**
  - DOE047, DOE048, DOE049, and DOE050 will be sent in the StudentPersonal Object. Clear SIF Temp Table/Send Object.
  - DOE028, DOE045 and DOE046 will be sent in the StudentSchoolEnrollment Object. Clear SIF Temp Table/Send Object.
  - ADD new code value of 05 - *Transitional Biligual Education* to DOE026: English Language Education Program Status. (Reference DESE SIMS Handbook for DOE026 details.) Go to Biographical System > Maintenance - Biographical > English Language Learners Program Status > Add Status Code, Description, State Code.
  - UPDATE discontinued codes for DOE Field "Technical Competency Attainment" (DOE031). Go to DOE ID Manager > Maintenance - DOE > Fields > scroll to very bottom to Technical Competency Attainment field \*\* (DO NOT RENAME THIS FIELD) \*\* and add "Do Not Use" or "Discontinued" to the Description for codes 02-07, 12-14. Leave 01-Completed Chapter 74 Program, 11-Completed Non-Chapter 74 Program and, 500-Does not apply codes alone since these are still active codes. (Reference DESE SIMS Handbook for DOE031 details.)

*The following items are included in this release.*

Jira #	Description	Clientele
