Resolved Issues

Enhancements, Corrections and Minor Enhancements

The following items are included in this release.

Jira #	Description	Clientele
UPDATES, MINOR IMPROVEMENTS & CORRECTIONS		
IP-3835	SIF SSSDR Update - DisciplineIncident object updated to export new values for AlternativeEducation element.	
IP-3837	<p>SIF SSSDR Update – The Alternative Education Type field has been updated to include the 2018-2019 code values of 0-11. (Refer to DESE SSSDR Handbook for more information on new codes. Link: http://www.doe.mass.edu/info/services/data/ssdr.html)</p> <p>NOTE: The SY2019 SSSDR SIF transmission requires reporting the appropriate Alternative Education Provided or Not Provided code in the Alternative Education Type field.</p> <p>ACTION REQUIRED: Users are to make adjustments to Discipline records and resend SIF objects.</p> <p>(1) Selections made in the Alternative Education <u>Not Provided</u> field need to be made in the updated Alternative Education Type field. iPass will continue to display the Alternative Education Not Provided field so that users can identify which selection should now be made in the Alternative Education Type field.</p> <p>(2) After step 1 above is completed, use Delete SIF Temp Table to clear the DisciplineIncident Objects and use SIF - Send Objects to send updated DisciplineIncident Objects to DESE.</p>	
IP-3839	SIF SSSDR Update - SIF Data Mapping table updated to include the Alternative Education Type Codes for 2018-2019 SSSDR Report (Values 0-11).	
IP-3483	Study Hall Scheduler is now scheduling students into open blocks in terms where courses have been "Dropped".	1563657, 1727842

IP-3497	"Dropped" courses will no longer appear on Schedule Summary > Print Schedule - Period Schedule and - Mod Schedule view, iStudent Schedule view, and iStudent Print Schedule view.	1642776
IP-3669	Scheduling > Modify Schedules > Transfer Grades feature will now transfer Comments from "Dropped" course to "Added" course.	1692778
IP-3752	iTeacher > Add/Modify Rankbook view will now display the red hash tag indicator (#) for students that "Dropped" the course during the term.	1702042, 1727918, 1728311, 1729022
IP-3822	My Courses > Gradebook > Autofill Grades will now fill in grades for scheduled students only. Students that "Dropped" the course during the term will not receive a grade for the assignment.	1727849
IP-3825	The Grade Verification Report will now include Mini-Term Grades.	1728337
IP-3828	Administration > Admin View Assignments will now display Teacher, Course ID, and Assignments once for each course scheduled to the teacher.	1728802
IP-3831	Google Chrome Users - Grade entry error message for Competency grade values not allowed will now close when clicking OK and allow the user to continue entering grades.	
IP-3832	Email from Navigational Toolbar will list only teachers for student's scheduled courses during the current term. Teachers for "Dropped" courses will not be listed.	1727875
IP-3838	iStudent > Schedule (samschedule.html) correctly defaults to current term.
