Release Notes

Version 7.0.20190225_sync
February 25, 2019

Resolved Issues

Enhancements, Corrections and Minor Enhancements

The following items are included in this release.

Jira #	Description	Ticket #
IP-3887	CRDC 2017-2018 Update: LEA file updated to add new Total Count of Students data field (LEA_ENR), change field name headers for High School Equivalency Programs data fields (LEA_GED to LEA_HSEPART) and remove High School Equivalency data fields (LEA_HSECRED).	
IP-3890	CRDC 2017-2018 Update: SCHOOL file updated to add new Internet (SCH_INTERNET) and Computer Science Course data fields (SCH_COMPCLASSES, CSHC_COMPCCERT, SCH_COMPENR_CSCI, SCHAP_COMPENR), remove AP Exam fields (SCH_APPASS_ONEORMORE, SCH_APPASS_NONE), remove Chronic Absenteeism data fields (SCH_ABSENT), and update data field order.	
IP-3891	CRDC 2017-2018 Update: The CRDC report parameter table has been updated to remove LEA_GEDCRED data fields.	
IP-3892	CRDC 2017-2018 Update: The CRDC report parameter table has been updated to add Computer Science course data fields to School and Internet data fields to the School non-iPass. Data field order has been updated.	
IP-3904	SIF SDDR: DESE has deployed additional validations that require a description for the Offense to be reported. The DisciplineIncident Object has been updated to send the Incident Description for Offense Type # when iPass Incident Code is mapped to: 1897 (Other nonsexual harassment), 2797 (Other school threat), 3197 (Other theft), 3297 (Other threat), 3597 (other vandalism) and 3600 (Violation of School Rules). ACTION REQUIRED: If you are receiving Error SDDR4570: <i>If Optional Description Code selected for Offense 1, a description is required</i> , use Delete SIF Temp Table to clear the DisciplineIncident Object and then use Send SIF	1984431, 1984078

	Objects to send all of the Discipline Incident Objects for your district or use SIF Reporting > SDDR to send for specific schools or student SASIDs to clear the errors.	
IP-3812	Update for Behavior Record Incident drop-down selection in preparation for upcoming Teacher Behavior Referral enhancement.	
IP-3814	Print Schedule Summary and Student Schedules now sorting by Period Order, Day Order and then Semester Order.	
IP-3882	Grades set to Horizontal = Carry Forward (Horizontal Averaging Only) in the Grades Table are now carrying forward the Grade when Calculating Horizontal Average.	1924566
IP-3884	The Seating Chart student counting has been updated to improve screen load time.	1981367
IP-3888	Update following Patch Release 7.0.20190206_Sync: Some sites did not show Gender-DOE009 field on the Student Profile screen after the patch release. This will update all sites based on State = MA.	
IP-3889	Update following Patch Release 7.0.20190206_Sync: Patch release pushed out Lesson Plan tab in Gradebook. This Tab has been removed.	
IP-3893	Update to indexing to improve processing speed for iStudent Recommendations.	
IP-3897	Correction to spelling of screen message when iStudent Configuration > Allow students to access Recommendations Tab is Revoked (unchecked).	
IP-3898	Query import program updated to use "File Uploads>Configuration>File Directory" parameter setting if the current working directory is "/". If it is also "/" or blank, it will revert to /tmp.
