APPLICATION ENHANCEMENTS

Application Improvements and Corrections:

ConnectEd Export

The ConnectEd Export now has an option to include the DOE034 Special Education code at the end of the ConnectEd Export file.

NOTE: The ConnectEd Parameters must be set to IncludeDOE034 = Yes to include the code in the file.

The screenshot shows a configuration interface for ConnectEd Parameters. It includes several dropdown menus and a highlighted parameter:

- HomePhoneAlt**: A dropdown menu with options 3 and 4. The value 4 is selected, indicated by an 'X' and the number 4 below the menu.
- IncludeDOE034**: A dropdown menu with options Yes and No. The value No is selected. This parameter is highlighted with a blue bar. Below it, a green instruction reads: "Select whether or not to include DOE034".
- MobilePhone**: A dropdown menu with options 1, 2, 3, and 4. The value 3 is selected, indicated by an 'X' and the number 3 below the menu.
- Below the MobilePhone dropdown, there is another dropdown menu with options "Do Not Send" and 1. The value "Do Not Send" is selected.
