***EZSE** EZSchoolEnroll is a Harris product designed to allow remote access for Parents to fill out School Forms and Register Children into Schools. The system is linked to iPass and updates the data that is designated to flow between the two systems. **For Districts trying to figure out next year’s School Registration with “Stay at Home Orders” in place**, please let Laura Patton know if you are interested in purchasing EZSE.

****EdInsight is** a Harris product designed as an Instructional Management System and is an integrated suite of software products that enables school districts to implement a comprehensive approach to Assessment Analysis, Response to Interventions, Personalized Learning, Curriculum Management and Online Lesson Planning. Please let Laura Patton know if you are interested in purchasing EdInsight.
